tape ..... page 113

COLOURS & FINISHES

ensure you specify your required colours / finishes on every purchase order.

ACOUSTIC COLOUR OPTIONS:

refer to the finishes pdf for more details of which thickness is available for each colour.
for dual layered applications where the order in which the colours are applied, specify location of finishes (i.e.. motif wall patterns have a front and back layer). The front colour will always be specified first, followed by the second colour (i.e.. midnight blue in front, heather grey in the back = MBHG

jet black (JB)
midnight blue (MB)
sky blue (SB)
cardinal red (CR)
pear green (PG)
snow white (SN)
charcoal (CH)
sandcastle (SC)
heather grey (HG)
seal grey (SG)

LAMINATE COLOUR OPTIONS:

asian night (AN)
dalia (DA)
megantic (ME)
slate (SL)
tuxedo (TX)
black (BK)
driftwood (DW)
prestige maple (PM)
southwester (SW)
urban vibe (UV)
bora bora (BB)
force of nature (FN)
sable island (SA)
summer flame (SF)
white (WH)
coastal pear (CP)
grey (GR)
sheer beauty (SH)
truffle (TR)
white chocolate (WC)

DESK DIVIDER HARDWARE OPTIONS:

top mount (T)
clamp mount (C)
black (B)
white (W)
brushed nickel (N)

GOOD NEIGHBOUR HARDWARE OPTIONS:

connectors
L, T, X, I
black (B)
white (W)

SHIPPING

multiple units may be packaged together unless specified otherwise.
if you have specific needs for how an order should be packaged, please specify on your purchase order.

INSTALLATION

installation instructions are available online, and our team at HARMONY is ready to help with any questions.
harmonyspaces.ca

CONDITIONS

HARMONY's terms & conditions apply to all HARMONY products.

CUSTOMIZATION

SIZES
custom sizes can be quoted per request. pricing varies depending on yield, complexity and quantity to be ordered.

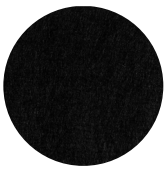

PATTERNS
custom patterns are available and can be quoted per request. all custom patterns must have a drawing supplied by HARMONY and must be included with your purchase order as sign off for approval.
custom charges will vary depending on complexity to program and machine time.

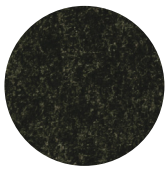

ORDER PROCESSING
once an order is placed, changes will not be accepted after 24 hours of HARMONY'S receipt of the order.
returns/exchanges are not available for custom patterns; please ensure that you are happy with the design prior to placing your order.

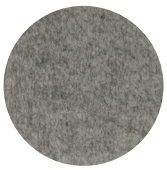

ANTIMICROBIAL PROTECTION

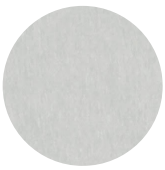

all HARMONY products that are contact surfaces are pretreated with "AEGIS Microbe Shield"; a safe, effective antimicrobial surface treatment that renders surfaces inhospitable to the growth of bacteria, fungus, mold, mildew, yeast, algae and odours that can adversely affect the life and performance of a product.

can be single or dual colour (one colour per side)

HARDWARE STYLES

Top Mount (**T**)

- attached by screwing through the bottom into the top below

Clamp Mount (**C**)

- attached by a tightened clamp that sits above and below the worksurface

HARDWARE FINISHS

black (**B**)
brushed nickel (**N**)
white (**W**)

HOW TO SPECIFY

HARDWARE FINISHES

hardware finishes and attachment styles must be included in the part number for the unit, specified in the last two spaces of the code. instructions for how to specify are found on each product page.

ACOUSTIC FINISHES

acoustic panel colours must be included on every purchase order.

18mm thick desk dividers can be dual colour with opportunity for contrast layering. when this is required, please specify two colours on your purchase order. (this is only available on the 18mm options).

CUSTOMIZATION

SIZES

custom sizes can be quoted per request. pricing varies depending on yield and quantity to be ordered.
the maximum dimensions for this application are 24”high, and 95”wide.

PATTERNS

custom patterns are available and can be quoted per request. all custom patterns must have a drawing supplied by HARMONY and must be included with your purchase order as sign off for approval.
custom charges will vary depending on complexity to program and machine time.

ORDER PROCESSING

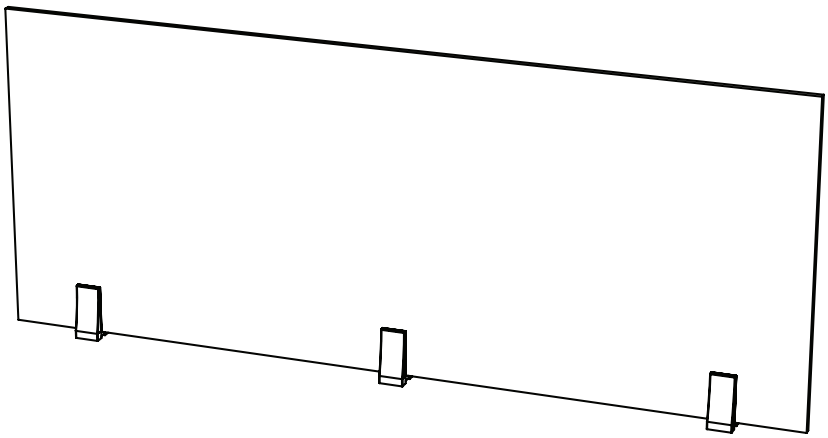

once an order is placed, changes will not be accepted after 24 hours of HARMONY’S receipt of the order.
returns/exchanges are not available for custom patterns; please ensure that you are happy with the design prior to placing your order.

SHIPPING

PACKAGING

multiple units will be packaged together up to 5 per box unless specified otherwise on your purchase order.

SIZES ..... 24x48", 24x60", 30x60", 30x72"
THICKNESS 12mm

SHIPPING

PACKAGING

multiple units will be packaged together up to 3 per box unless specified otherwise on your purchase order.

HOW TO SPECIFY

ACOUSTIC FINISHES

acoustic panel colours must be included on every purchase order.

CUSTOMIZATION

SIZES

custom sizes can be quoted per request. pricing varies depending on yield and quantity to be ordered.
the maximum dimensions for this application are 24"high, and 95"wide.
requests for widths over 95" will need to be multiple units side by side.

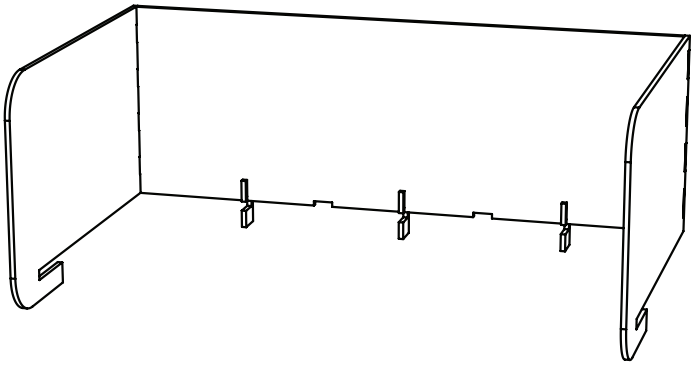

PATTERNS

custom patterns are available and can be quoted per request. all custom patterns must have a drawing supplied by HARMONY and must be included with your purchase order as sign off for approval.
custom charges will vary depending on complexity to program and machine time.

ORDER PROCESSING

once an order is placed, changes will not be accepted after 24 hours of HARMONY'S receipt of the order.
returns/exchanges are not available for custom patterns; please ensure that you are happy with the design prior to placing your order.

STUDY CARRELS

SCALLOP ..... pg 36
SQUARE ..... pg 33
TRIANGLE ..... pg 34

THICKNESS OPTIONS

9mm

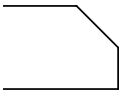

all silhouette wall tiles are available in 9mm thickness.

EDGE OPTIONS

straight edge

- edges of each panel will be squared and straight

bevel edge

- edges of each panel will have an angled level for a 3D effect against the wall

HOW TO SPECIFY

ACOUSTIC FINISHES

acoustic panel colours must be included on every purchase order.

CUSTOMIZATION

SIZES

custom sizes can be quoted per request. pricing varies depending on yield and quantity to be ordered.
the maximum dimensions per panel are 24”high, and 95”wide.
minimum order quantities may apply.

PATTERNS

custom patterns are available and can be quoted per request. all custom patterns must have a drawing supplied by HARMONY and must be included with your purchase order as sign off for approval.
custom charges will vary depending on complexity to program and machine time.

ORDER PROCESSING

once an order is placed, changes will not be accepted after 24 hours of HARMONY’S receipt of the order.
returns/exchanges are not available for custom patterns; please ensure that you are happy with the design prior to placing your order.

SHIPPING

PACKAGING

the quantity per case specified with each item will ship in a single box.
when an item only specifies a quantity of one per case, multiple units may be packaged together up to 5 per box unless specified others on your purchase order.

INSTALLATION

PATTERNS

spacers are available for lending help in the installation process.
spacers are sold in a kit for installation teams and can be quoted individually as needed.

WALL ATTACHMENT

tape is available for sale in 50 meter rolls (in the hardware section of the catalogue).
for sizes over 48”, construction adhesive is recommended. (not supplied by HARMONY)

adhesion to wall
with tape & construction adhesive

standoffs
with tape & construction adhesive

HOW TO SPECIFY

ACOUSTIC FINISHES

acoustic panel colours must be included on every purchase order.

CUSTOMIZATION

SIZES

custom sizes can be quoted per request. pricing varies depending on yield and quantity to be ordered.
the maximum dimensions per panel are 47 x 95 ″ .
requests for larger sizes will need to be multiple units side by side.

PATTERNS

custom patterns are available and can be quoted per request. all custom patterns must have a drawing supplied by HARMONY and must be included with your purchase order as sign off for approval.
custom charges will vary depending on complexity to program and machine time.

ORDER PROCESSING

once an order is placed, changes will not be accepted after 24 hours of HARMONY'S receipt of the order.
returns/exchanges are not available for custom patterns; please ensure that you are happy with the design prior to placing your order.

SHIPPING

PACKAGING

multiple units will be packaged together up to 3 per box unless specified otherwise on your purchase order.

INSTALLATION

WALL ATTACHMENT

tape is available for sale in 50 meter rolls (in the hardware section of the catalogue).
construction adhesive is recommended for long term installation (not supplied by HARMONY).

THICKNESS OPTIONS

18mm
can be single or dual colour for layering effect.

EDGE OPTIONS

straight edge

- edges of each panels will be squared and straight

INSTALLATION

WALL ATTACHMENT

motif patterns can be installed several ways.

option 1: screwing into the wall using camouflaged holes for the screws.
option 2: double-sided tape is available to place the pattern on the wall, construction adhesive is recommended for long term installation (not supplied by HARMONY).
option 3: standoffs are available no charge to enhance the acoustic benefit and lift the pattern off the wall.

HOW TO SPECIFY

ACOUSTIC FINISHES

acoustic panel colours must be included on every purchase order.

motif patterns are 18mm thick and can be dual colours with opportunity for contrast layering. Please specify one or two colours on your purchase order, making sure to note which colour is on the front and which is on the back.

CUSTOMIZATION

SIZES

custom sizes can be quoted per request. pricing varies depending on yield and quantity to be ordered.
the maximum dimensions per panel are 95"high, and 47"wide.

PATTERNS

custom patterns are available and can be quoted per request. all custom patterns must have a drawing supplied by HARMONY and must be included with your purchase order as sign off for approval.
custom charges will vary depending on complexity to program and machine time.

ORDER PROCESSING

once an order is placed, changes will not be accepted after 24 hours of HARMONY'S receipt of the order.
returns/exchanges are not available for custom patterns; please ensure that you are happy with the design prior to placing your order.

ACOUSTIC PATTERN OPTIONS

42" high panels will have 10" high acoustic panels
56" high panels will have 24" high acoustic panels

no pattern cosmos dimished circles fan

ASSEMBLY

fort stations are designed to be freestanding and require no attachment to walls or other units.

all hardware is included in the units, and it is recommended that two people assemble each unit.

acoustic panels come already installed onto the laminate walls.

HOW TO SPECIFY

ACOUSTIC FINISHES

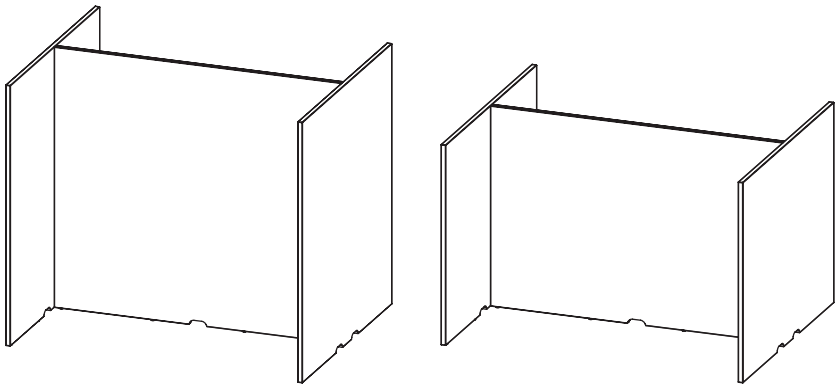

acoustic panel colour must be included on every purchase order.
panels are 12mm thick

LAMINATE

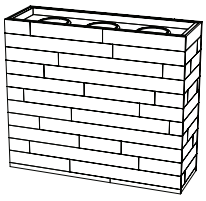

LAMINATE WITH SHELVES

ACOUSTIC WRAPPED (NO PATTERN)

ACOUSTIC WRAPPED (WITH GROOVES)

LAMINATE WITH PINE PANELING

ASSEMBLY

all planters ship assembled and can not be shipped rta.

HOW TO SPECIFY

LAMINATE FINISHES

all planters are made of laminate; wood and acoustic material are layered on the outer surface, therefore a laminate colour must be specified on every order.

ACOUSTIC FINISHES

acoustic panel colour must be included on every purchase order.
panels are 12mm thick

PINE PANELING FINISHES

the pine paneling finish must be specified on every purchase order.
pine is available in two stains:

- gunstock walnut (brown)
- weathered espresso (charcoal grey)

APPLICATION

WATER DAMAGE

laminate is not waterproof, therefore if water leaks from outside of the pots it should be wiped immediately in order to avoid any damage. water damage is not covered under warranty.

PLANT POTS

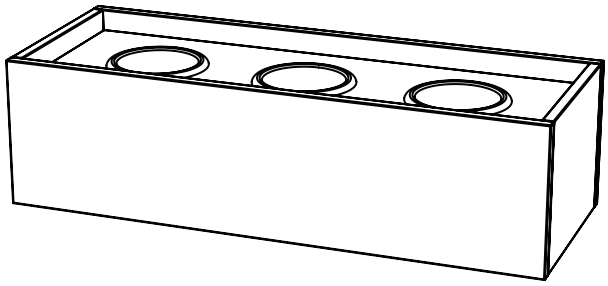

dark charcoal pots are included with each planter. these pots have no holes beneath for drainage in order to aid in preventing water damage.

the quantity of pots changes based on the width of each unit:

30″ = 2 pots	60″ = 4 pots
36″ = 2 pots	72″ = 5 pots
48″ = 3 pots	

PLANTERS
TOPPERS

LAMINATE ONLY

SPECS

constructed with a commercial grade laminate shell

charcoal planter pots included

specify laminate colour on your order; all wood grain will be horizontal

lower shelf (not seen but below pots) is siliconed around edges for water protection

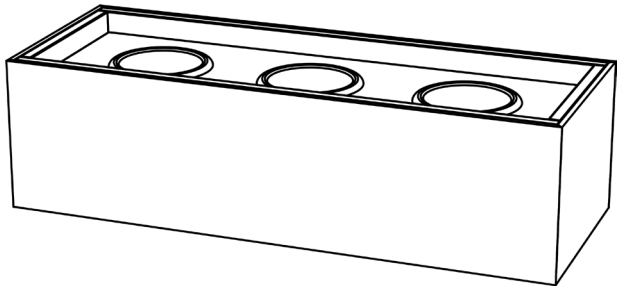

shipped assembled

planters can be used with artificial or live plants. laminate is not waterproof, therefore if water leaks from outside of the pots it should be wiped immediately in order to avoid damage.

PLANTERS
STANDING

LAMINATE WITH PINE PANELING

SPECS

constructed with a commercial grade laminate shell and stained pine paneling around the outside

charcoal planter pots included

specify laminate and stain colours on your order; all pine slats are stained individually by hand and finishes will vary for every unit

lower shelf (not seen but below pots) is siliconed around edges for water protection

shipped assembled

planters can be used with artificial or live plants. laminate is not waterproof, therefore if water leaks from outside of the pots it should be wiped immediately in order to avoid damage.
